

e Twinning dissemination

On 27th February we organised a meeting for students and teachers from another school and presented an Oxford Debate. It was a form of dissemination to promote this kind of activity among teachers and students. The subject of this debate was 'Social media destroy human relationships'. One of the teacher in our school organises meetings with students and prepares with them debates on various subjects.

Our eTwinning students visiting Gimnaziala "Lucian Blaga " school. Aurelia Dan, our county school inspector in School Educational Programmes, gave the students the opportunity of talking about Communism in Romania. The host students prepared an exposition of representative objects of that period. Our students shared their experience.
